Priyansu Dash

Data Science Engineer | Full-Stack Developer

Bhubaneswar, Odisha, India | +91 8249311964 | pupuhari123@gmail.com

Portfolio: priyansu.me | LinkedIn: linkedin.com/in/shavedxpixel | GitHub: github.com/shavedXpixel

PROFESSIONAL SUMMARY

Third-year B.Tech Computer Science (Data Science) student building practical full-stack and AI/ML projects, from deployed web applications to a scikit-learn price-prediction model. Completed a remote AI web development internship, earned certifications in AI development, data science, and networking, and participated in BPUT Hackathon 2025 and a Hack2Skill Build with AI hackathon. Seeking software development, full-stack, data science, and AI/ML internship opportunities.

TECHNICAL SKILLS

Programming Languages: Python, JavaScript, TypeScript, Java
Frontend Development: HTML, CSS, React, Next.js, Tailwind CSS
Backend Development: Node.js, Express.js
Databases: MySQL, MongoDB, PostgreSQL
Data Science & ML: Pandas, NumPy, scikit-learn
Cloud & Deployment: Firebase, Supabase, Vercel
Developer Tools: Git, GitHub, Visual Studio Code, Jupyter Notebook
Areas of Interest: Data Science, Artificial Intelligence, Machine Learning, Full-Stack Web Development

EDUCATION

B.Tech in Computer Science and Engineering — Data Science Specialization (CSE-DS)
Einstein Academy of Technology and Management — Expected graduation: 2028
Biju Patnaik University of Technology (BPUT) | *Currently in third year* — Odisha, India

Class 12 (Higher Secondary Education)
DAV Public School, Unit 8, Bhubaneswar, Odisha — Stream: Science

Class 10 (Secondary Education)
Carmel School, Bhadrak, Odisha — Percentage: 84%

SELECTED PROJECTS

CivicPulse AI — Live Demo
Tech: *TypeScript, Next.js, React, Node.js, Express, PostgreSQL (Supabase, pgvector), Google Gemini*
- Civic-tech platform that turns citizen-reported issues (text, map location, photos) into structured problems moved through triage, field assignment, evidence upload, and supervisor approval.
- Uses Google Gemini for issue classification, translation, and similarity matching; includes role-based access control, English/Hindi/Odia interface, and browser-based voice input. Frontend deployed on Vercel, backend on Render.

Price-AI — Live Demo
Tech: *Next.js, React, TypeScript, Python, Tailwind CSS, Framer Motion, Recharts, Firebase (Auth, Firestore)*
- Price-comparison web app where users search for products and view interactive price-history charts to judge when to buy.
- Includes Firebase authentication and per-user cart, wishlist, and order tracking; deployed on Vercel.

Used Car Price Prediction ML
Tech: *Python, Pandas, NumPy, scikit-learn, Joblib*
- End-to-end regression project on the CarDekho used-car dataset (15,411 records): exploratory analysis, data cleaning, and preprocessing with scikit-learn pipelines.
- Compared Linear, Ridge, Random Forest, and Gradient Boosting models; Ridge Regression performed best on the test split ($R^2 = 0.8425$, RMSE ≈ INR 390,223). Best pipeline saved for predicting prices on new inputs.

ExamSystem — Live Demo
Tech: *React, Vite, Node.js, Express, Firebase (Firestore, Auth)*
- Online examination platform where teachers create MCQ and text-based exams, grade submissions, and publish results; students access exams through an Exam ID and receive a score report.

SmartCampus-Care — Live Demo
- Campus-management web portal with separate student, faculty, admin, and technician logins, covering academic profiles, semester fee tracking, and maintenance requests.

Ecommerce Store — Live Demo
Tech: *React, Vite, TypeScript, Tailwind CSS, shadcn/ui*
- Responsive front-end e-commerce storefront with a cart supporting quantity changes and a checkout page that calculates subtotal, shipping, and tax.

CampusOS
- Android campus-management application.

INTERNSHIP EXPERIENCE

IBM SkillsBuild Data Analytics with AI Internship Program 17 August 2026 – 30 September 2026
BharatCares, in association with AICTE | 6-week program | Certificate ID: IBMACBHDAI0164

AI Web Development Intern — InAmigos Foundation 3 June 2026 – 7 July 2026
Remote. Internship certificate available upon request.

CERTIFICATIONS AND PROFESSIONAL TRAINING

- **IBM AI Developer** (Coursera professional certificate)
- **Developing AI Applications with Python and Flask** (Coursera)
- **The Data Science Profession – Student View** (Coursera)
- **Bootcamp on Big Data & Data Science** (Reference ID: FSP/BCMP/C-DAC/NOI/B01/2507/1654/338154)
- **Artificial Intelligence and Machine Learning** (Internshala Trainings)
- **Computer Networks and Network Security** (Coursera)
- **Operating Systems: Overview, Administration, and Security** (Coursera)

HACKATHONS

- **BPUT Hackathon 2025** — Participant
- **Hack2Skill — Build with AI: Code for Communities, Second Edition Hackathon** — Participant
